

We have been using PlanSwift now for the past 6 months, and the amount of time it has saved is staggering. The program is very intuitive, simple to use, powerful, and has dead on accuracy. PlanSwift has been a great asset to our company.

**Bob C. – Universal Forest Products**

I have researched MANY different take off software programs and have found PlanSwift to be by FAR the least expensive, easiest to learn and easiest to use. It is PERFECT for painting contractors (or any subcontractor trade) who do all forms of commercial work or residential work. My largest painting bid via PlanSwift was \$612,000. It took me a total of 3 hours from start to price out the door. No other program saves you more time. It will pay for itself in one week. Double the amount of bids you do = double your sales. Feel free to call me directly for painting specific features I have added (800) 697-5413.

**Lynn Fife – Evergreen Technology**

I can't give enough praise for the product and the great people that support it. After buying this for two previous companies and now an independent estimator, I depend on this product every day. We just won a contract for a large Toyota dealership that I could not have done without PlanSwift. Well, not as fast and not as accurate! Thanks PlanSwift, you guys are number one in my book.
